

# Wellesley Historical Society

FOUNDED 1925

## A Message to Our Community

The Wellesley Historical Society continues to pay close attention to the ever-changing COVID-19 outbreak and to actively take steps to protect staff, members, volunteers, event and program attendees, Tollhouse shoppers, and community supporters and collaborators. We continue to monitor the Town of Wellesley Board of Health advisories and will make adjustments to our programming as appropriate.

Out of an abundance of caution, the Tollhouse Shop will be closed until Wednesday, April 1st at 10am.

The Society staff will work remotely during the course of the next two weeks and will be readily accessible by email: The Executive Director can be reached at [director@wellesleyhistoricalsociety.org](mailto:director@wellesleyhistoricalsociety.org), and the Archivist and Collections Manager can be reached at [archivist@wellesleyhistoricalsociety.org](mailto:archivist@wellesleyhistoricalsociety.org). Research appointments will resume in April.

With the Wellesley Free Library's recent announcement, our March 29th and April 16th lectures will be postponed, and we ask that you check our website for additional information: [www.wellesleyhistoricalsociety.org](http://www.wellesleyhistoricalsociety.org).

Preparations for other events -- April 22nd's Belvedere talk, April 26th's Shakespeare Tea with Jeanie, April 30th Spring Fundraiser, "The Magic of Wellesley," and two May walking tours — are moving forward as planned at this time. Please continue to monitor our website, [www.wellesleyhistoricalsociety.org](http://www.wellesleyhistoricalsociety.org), social media and email communications for any further changes in this schedule.

Thank you for your patience and understanding,

Amanda Fisher  
Executive Director
