

## Update: Member Matching Gift Challenge

June 17, 2021

Dear Member,

Not long ago I sent out a rallying letter in hopes that we would achieve our goal of \$7,000 for a matching gift. I am very excited to report that we have done just that and our anonymous donor has fulfilled the commitment for a 2:1 matching gift of \$14,000.

These contributions are instrumental in moving towards the Capital Campaign goal and in paying off a larger portion of our mortgage on Stanwood House, located at 323 Washington Street. We are extremely excited about moving forward with this second property and eventually welcoming the public back into the Society.

Thank you for your continued support.

Warm regards,

Jared Parker  
Board President
