

Historical Society Retires Mortgage With Help from Its Friends

July 6, 2021

Dear Supporters,

In May, we had communicated our intent to pay off the mortgage on our Stanwood House property, located at 323 Washington Street. **With tremendous support from the community, we have successfully done so!**

Our Capital Campaign efforts have fundraised over \$400,000 and enabled us to achieve this monumental goal. Thank you to everyone who has made this possible!

With the mortgage paid off, we mark the end of the first phase of our multi-year campaign to “Bringing Our History Home” to 323 Washington Street. As we enter into the second and third phases of our Capital Campaign, we will continue to fundraise with the goal of creating a safe environment for our collections in this new space, and to ensure the Society’s ability to maintain the building and collections for years to come.

While we enter into the summer with newfound excitement and are a giant step closer to relocating the Society’s headquarters to 323 Washington Street, there is still work to be done to realize our goal of creating a space to collect, preserve, and share Wellesley’s history. We ask for your continued support in

this critical moment for the Society.

Thank you and have a wonderful summer!

Warm regards,
